

ECONOS
Sustainable Growth

SMARTEST
PROIECT

CERTIFICATE

This certification confirms that

SMART EST PROIECT S.R.L.

has successfully calculated its carbon footprint in collaboration with ECONOS, obtaining a verified result of **5,138.18 tonnes CO_2e** for Scope 1, 2, and 3 market-based emissions for FY 2025.

The calculation was carried out in accordance with internationally recognized standards and methodologies, ensuring accuracy, transparency, and comparability.

This action provides the foundation for setting emission reduction targets and contributes to a greener future. We recognize the efforts made by Smart Est Proiect S.R.L. and congratulate them on their environmental commitment.
